**AUDIT REPORT ON THE ACCOUNTS OF THE MADRAS URBAN CO-OPERATIVE
TAILORING HOUSE FOR 1903-1904.**

From—M.R.S. K. THIRUPPAMMA, Chairman, Arungal, Special Deputy Collector,
To—the Registrar of Co-operative Credit Societies, Madras
Dated—Madras, the 10th July 1904
By—J. B. C. on 10/11/04.

I have the honour to report as follows on the audit of the accounts of 10 Madras Urban Co-operative Tailoring House for the year 1903-1904:

1. At the commencement of the year three persons are members in the rolls and 4 were newly admitted during the year. The admission register however does not contain the names of two of the members newly admitted and their admission was not sanctioned by the managing committee. The performance of duties has not been attended to. During the year Rs 5 have been collected on account of admission fees.

2. A loss of Rs 300 was taken during the last year from the General Drifts Bank, Madras, and out of this Rs 400 was repaid during the year; Rs 100 still remains unpaid.

3. The interest paid during the year and now pending payment at the end of the year are shown below:

	Rs. A. P.
Interest paid during the year	11 4 0
Do. pending at the end of the year	8 15 0
	19 9 0
Deduct amount pending payment at the end of last year	8 4 0
	Balance 11 5 0

4. Loans and advances.—Small sums were advanced to the members from time to time and these were recovered in instalments by deductions from the weekly wages. Rs 100-0-0 was advanced during the year, out of which Rs 50 has been repaid during the year. There is still Rs 40-0-0 pending recovery at the end of the year. In regard to the advances to separate account is maintained, signed only in the cash book; not even the signatures of the parties have been obtained against the entries in the cash book.

5. The receipts and disbursements of the society under the various heads was, as shown in the statement No. 1 appended.

6. The society worked at a net profit of Rs 51-5-1 as will be seen from the statement No. 1 appended. Rs 25-12-5 has been collected from profits for depreciation of stock. A second-hand sewing machine at a cost of Rs 10 and a box at Rs 2-2-6 were purchased during the year.

7. Statement No. 4 shows the assets and liabilities of the society as they stood on the last day of the year.

8. There were only two meetings of the managing committee during the year.

9. The amount of charges pending realisation at the end of the year is Rs 10. Early steps must be taken by the Society to recover this amount.

10. The accounts of the society have not been maintained altogether satisfactorily. The cash book, which is the most important register has been very carelessly written. The book does not contain the signatures of the Secretary at the close of each day's transactions. Concerns have not

be re-estimated (vide pages 145, 146, 148, 149). Every day's transactions have not been regularly entered. The transactions of July to 10th May 1926 and of 28th and 30th May 1926 have been included together. Receipts in 1926 have been wrong totaling and the wrong figures have been carried forward. The new accounts have not shown that the balance as shown in the cash book and the credit such as bank have not been compared.

Several adjustments have also been omitted. A sum of 2 shillings drawn from the Tyn Dons Trade Depot account was not brought to account. As 1926 and as 1925 being the same given by the Tyn Dons Trade Depot and omitted by it amounts shown ought have not been brought to account. A sum of £1.4 which was advanced by member, George Hays, on 26th February 1926 was brought to account only on 14th June 1926. Several items of expenditure are not supported by vouchers.
